

11.02.2019

Dear Sir or Madam:

With this letter I would like to express my interest in applying for the Coordinator of the Interantional Student Department vacancy.

I am a 4th year Medical student of the English section of UMFST.

I always wanted to apply for a position in the Students League: I think it is a good opportunity to get to know how the University works from the inside.

Unfortunately I never felt confident enough to apply for it due to the lack of time: I tried to give always priority to the exams (which I remember as much more difficult during the pre-clinical years, or maybe I just have that feeling because eventually I got used with the hard studying).

So far I could manage well and I feel ready to participate in extracurricular activities.

I have to mention that I have no experience in this domain so far, but I consider that this would be a perfect chance to get started: from former coordinators I got an idea about the tasks that are linked to this position and I feel curious and I would like to know more about the department.

I am a friendly and responsible person and I would be very happy to be able to participate in the League's activities and, of course, to meet new colleagues.

Sincerely,
Teodora D. Moldovan
