

No more changes are accepted to the presentation day and time. This is the final schedule

THURSDAY, 18.05.2023				
Clinical - Medical				
No.	Paper	First Author	Time	Location
1	The ALBI score in liver cirrhosis	Maria Malina Agu	12:00	Room No. 330 Main Building UMFST "G. E. Palade"
2	Association of sleep disturbance and anxiety among students	Anna Marlene Peters		
3	Beyond the skin: an assessment of psoriatic comorbidities	Carla Andrei		
4	The etiology and resistance of Gram negative bacteria associated with sepsis	Elena Tighineanu		
5	Systemic inflammatory biomarkers as predictors of venous thromboembolism in COVID-19 patients	Eliza Mihaela Arbănași		
6	Mechanical asphyxia - between accident and suicide	Camelia Larisa Balogh		
7	The link between acute bronchiolitis in children and maternal smoking	Andra Gabriela Comșa		
8	Utility of the Epworth Sleepiness and STOP-Bang questionnaires in the diagnosis of obstructive sleep apnea syndrome	Mihaela Coșpormac	13:00	
9	Fatty liver diseases and upper digestive endoscopy – clinico-pathological correlations	Katharina Volmer		
10	Evaluation of the common risk factors related to child poisonings	Elena-Luiza Dragomirescu		
11	Stroke and Diabetes- Working Together	Alexandra Andreea Enache		
12	TRANSCRANIAL DOPPLER INTERVARIABILITY BETWEEN STUDENT AND EXPERIENCED DOCTOR: A PERSPECTIVE OF THE FUTURE	BUCĂȚARU FLORENTINA-ALEXANDRA		
13	NEUROINFECTIONS IN PEDIATRIC PATIENTS	Denisa Gurbet		
14	Fungal superinfection: clinical, pathophysiological and therapeutical implications in venous leg ulcers	Cezara-Anca-Denisa Moldovan		
15	CLINICAL FEATURES OF THE SARS-COV-2 INFECTION IN THE PEDIATRIC POPULATION	Ioana Harja	14:00	
16	Study of thrombotic complications in COVID-19 patients: prophylaxis, diagnosis, treatment	Fabian Horincar		
17	The adherence to COVID-19 protective measures during post-pandemic among medical students	Alex-Ciprian Jakab		
18	METABOLIC SYNDROME AND THE RISK OF DEVELOPING ATHEROSCLEROTIC CARDIOVASCULAR DISEASES IN HYPERTENSIVE PATIENTS	Diana-Andrea Pop		

No more changes are accepted to the presentation day and time. This is the final schedule

19	Coronary plaque volume as determined by CT Angiography as a factor of prediction for cardiac events in patients undergoing transcatheter aortic valve implantation (TAVI)	David Immanuel Klemm	14:00	Room No. 330 Main Building UMFST "G. E. Palade"
20	Contraception in nulliparous women: When? How? Why?	Anita Beatrix László		
21	UPPER ENDOSCOPIC FINDINGS IN PATIENTS TREATED WITH NOACs	Ştefan Manea		
22	Stress assessment and management in medical students	Cătălin Mare	15:00	
23	CLADRIBINE TREATMENT IN PATIENT WITH HIGHLY ACTIVE RELAPSING REMITTING MULTIPLE SCLEROSIS FORM	Riccardo Mascia		
24	The impact of the Covid-19 pandemic on teenage pregnancies	Marina Isabella Melano		
25	Impact of Covid-19 pandemic on children with reference to clinical manifestations and mental well-being	Federico Montagna		
26	The effects of COVID-19 pandemic on children`s mental health	Cristina-Ana-Maria Niţu		
27	Hepatic Encephalopathy – Impact on Liver Function Tests and Mortality	Felix Öhler	16:00	
28	PARANEOPLASTIC ANAEMIA DURING COVID 2020-2021. A RETROSPECTIVE POINT OF VIEW	Oana Pop		
29	Symptoms of influenza in pediatric population	Mădălina-Simona Roman		
30	The resistance of bacteria involved in urinary catheter-related infections	Ioan-Andrei Ţilea		
31	Bacteriological and fungal investigation in pneumological practice: a useful maneuver for an accurate diagnosis	Ioan Vladimir		

No more changes are accepted to the presentation day and time. This is the final schedule

FRIDAY, 19.05.2023				
Clinical - Medical				
No.	Paper	First Author	Time	Location
1	Knowledge gap in medical students perception of acne: a survey-based analysis	Magadan Adrian Sebastian	10:00	Room No. 143, Main Building UMFST "G. E. Palade"
2	Quality of life and level of insight in schizophrenic patients	Lidia Airinei		
3	The etiology of febrile syndrome in newborns and infants hospitalized at the pediatric clinic no. 1 in Târgu-Mureş	Oana-Georgiana Cliveţ		
4	Clinical and evolutive aspects of Influenza A type infection in an immunocompromised patient with MEN2A syndrome - A case report	Asztalos Alexandra Ioana		
5	Gastric Adenocarcinoma - Incidence, risk factors, and methods of diagnosis - our center experience	Georgios Argyris		
6	An overview on hypochromic microcytic anemia induced by menorrhagia in adolescents	Maria Badulescu		
7	CARDIOVASCULAR PATHOLOGY IN PREGNANCY	Vasile Luchianic		
8	Large Vessel Occlusion in Acute Ischemic Stroke - Radiomic Features in Diagnosis	Antonia Balan	11:00	
9	THE IMPORTANCE OF SUPPORTIVE TREATMENT IN PEDIATRIC ONCOLOGY FOR IMPROVING LIFE EXPECTANCY AS WELL AS LIFE QUALITY	Maria - Georgiana Năsui		
10	Actinic and seborrheic keratoses as possible indicators of sun-exposure behaviors: a cross-sectional study	ŞTEFANA-ALEXANDRA MARIAN		
11	H. pylori infection and cardiovascular diseases - a clinicopathological study on patients investigated by upper digestive endoscopy	Tania Negovan		
12	Imagistic findings and correlations between vascular inflammation and the risk of atrial fibrillation	Bianka Benedek		
13	DRUG-DRUG INTERACTIONS AMONG HYPERTENSIVE PATIENTS.	Irina Boico		
14	AST TO ALT RATIO – A NEW PREDICTIVE FACTOR FOR DEVELOPING HEART FAILURE AFTER AN ACUTE CORONARY SYNDROME	Ioana-Alexandra Chindriş	12:00	
15	Oral versus depot treatment in schizophrenia	Anamaria Oatu		

No more changes are accepted to the presentation day and time. This is the final schedule

16	Sleep quality and stress among resident doctors	Zorica Milenković	12:00	Room No. 143, Main Building UMFST "G. E. Palade"
17	The contribution of 3D ultrasound in the morphological study of the fetal spine in the second trimester of pregnancy	Cristina Ciuperca		
18	The prevalence of binge eating disorder among UMFST students over a period of 2 months	Maria-Alexandra Cristescu		
19	The incidence of haematological comorbidities in pediatric patients diagnosed with celiac disease in the Pediatric I Clinic of SCJU-Târgu Mureş	Tamara Stefania Curea		
20	Association of Coronary Artery Calcification (CAC) Scores with Pericardial Fat Attenuation in Cardiac CTs	Fathima Sajeetha Suaibu		
21	Reasons for discontinuation of biologic therapy in patients with ankylosing spondylitis	András-Miklós Dorgó	13:00	
22	THE CREDIBILITY, COMPLETENESS AND ACCURACY OF WEB CONTENT INFORMING ABOUT ALZHEIMER'S DISEASE IN THE GERMAN AND ROMANIAN LANGUAGES	Felix Pier Doxie		
23	TYPE 1 DIABETES MELLITUS AND MODERN TREATMENT MANAGEMENT	Barbara-Maria Fazecas		
24	Consumption of legal and illegal substances in comparison of medical students and the general population	Felix Gilleßen		
25	The occurrence of Autoimmune Disorders in Children diagnosed with Primary Immunodeficiencies	Francisca Giulia Maria Harhas		
26	Type 2 diabetes mellitus, the master of camouflage	Dragos Hutanu		
27	The impact of social behaviors on clinical and endoscopic gastric aspects	Georgiana Larisa Irimina	14:00	
28	Impact of nutrition on acute diarrhoeal disease in children	Ramona Elena Machedon		
29	Is there ocular involvement in patients diagnosed with ankylosing spondylitis?	Moisuc Mălina-Monica		
30	The physical and psychological assessment of the institutionalized child	Alexandra Mercea		
31	Post-TIPS hepatic encephalopathy: clinical solution to meta-analysis derived predictor trend	Mădălina Moldovan		
32	THE ROLE OF EXOSOMES IN ACUTE ISCHEMIC STROKE	Dilara Moumin		
33	THE INFLUENCE OF PARENTS ON TEENAGERS REGARDING HPV VACCINATION	Adelina Maria Nae		

No more changes are accepted to the presentation day and time. This is the final schedule

34	The utility of the GeneXpert MTB/RIF molecular method for detecting Mycobacterium tuberculosis: a comparison with the traditional diagnostic methods	Larisa-Mihaela Obreja	15:00	Room No. 143, Main Building UMFST "G. E. Palade"
35	Prevalence of suicide ideation and attitude towards suicide prevention among medical students	Lilith Philippa Pichler		
36	ABNORMAL TRANSAMINASES VALUES IN CHILDREN WITH OBESITY	Teodora Pușcaș		
37	ILLNESS RELATED ANXIETY IN PATIENTS WITH DIABETES MELLITUS IN RELATION TO ANTI-DIABETIC TREATMENT	Pal Szilard		
38	TREATMENT METHODS IN PEDIATRIC IMMUNE THROMBOCYTOPENIC PURPURA(ITP)	Ștefana-Anastasia Talău		
39	Comparison of non-invasive biomarkers in HCV patients	Ana-Maria Tihon		
40	The effect of age and gender on the radiographic appearance of cervical lordosis	Rareș Vodă		

No more changes are accepted to the presentation day and time. This is the final schedule

SATURDAY, 20.05.2023				
Clinical - Medical				
No.	Paper	First Author	Time	Location
1	Assessing the severity of congenital heart	Horea Valentin Rac	10:00	Room No. 225, Main Building UMFST "G. E. Palade"
2	Prognostic factors determining the outcome of infection in patients with Influenza	Motaz Abu Omar		
3	Hypotrichosis with Juvenile Macular Dystrophy (HJMD) - a rare case with an even rarer phenotype	Irina Balan		
4	THE QUALITY OF INFORMATION ON FRENCH WEBSITES CONCERNING ALZHEIMER'S DISEASE – A CROSS-SECTIONAL STUDY ON THEIR CREDIBILITY, COMPLETENESS AND ACCURACY	Angelica Thuy Mi Bogris		
5	Romanian vs International Medical Students: A Study on Lifestyle and Diet Differences	Ana Elena Cadar		
6	Habits of prescribing anticoagulation treatment in atrial fibrillation: a survey on Romanian clinicians	Smaranda Ioana Codreanu		
7	COMPARISON OF PATIENTS WITH DIFFERENT DEGREES OF DIASTOLIC DYSFUNCTION IN RELATION TO NT-PRO BNP LEVELS AND ECHOCARDIOGRAPHIC MEASUREMENTS	Amer Fattal		
8	The impact of anxiety and depression upon the clinical evolution of patients with Multiple Sclerosis	Alexandrina Fernea	11:00	
9	The Role of Immunosenescence in Interferon- β -treated Multiple Sclerosis	Naima Guhad		
10	Frequency of hypovolemia and febrile seizures among Rotavirus-infected children	Ioana Julean		
11	Atrial fibrillation – where do we stand?	Manuela-Claudia Lăcătușu (Pogăcean)		
12	THE EFFECTS OF PSYCHOLOGICAL STRESS ON EATING PATTERNS AMONG HIGH SCHOOL STUDENTS	Larisa Ioana Sabău		
13	Cluster B personality disorders and their associated comorbidities	Rareș Manolachi		
14	Hemadsorption in cardiac surgery	Rózsa Rita Miklós		

No more changes are accepted to the presentation day and time. This is the final schedule

15	The usefulness of the DETECT algorithm versus cardiac catheterization in the early detection of pulmonary hypertension in scleroderma patients	Claudiu Neagu	12:00	Room No. 225, Main Building UMFST "G. E. Palade"
16	The influence of ferritin values in neoplastic patients with SARS-COV 2 infection	Vlad Iustinian Oniga		
17	Correlations of inflammatory bowel disease treatment with calprotectin evolution and cytomegalovirus presence	Iustina Mihaela Pintilie		
18	Cytokine Profile in Kidney Transplant Patients	Radu Poajgă		
19	The correlation between periplaque epicardial adipose tissue and vulnerable phenotype of the atherosclerotic coronarian plaque	DRAGAN RENATA		
20	Neutrophil/lymphocyte ratio in critically ill patients with ischemic stroke	Buracinschi Roxana		
21	Changes in Hematological Parametres in Pediatric Patients with COVID-19	Camelia Sandu	13:00	
22	Is life quality dependant on patients' knowledge levels in skin diseases?	DENISA-ELENA ORDOG		
23	Medical students' perception of skin cancers: a cross-sectional survey	Miron Stefan		
24	Correlations between urinary symptoms and female genital prolapse	Ștefania-Monia Todea		
25	Mutation of the PALB2 Gene as a Causal Agent of Breast Cancer – a Case Study and Systematic Review of the Recent Literature	Ana-Maria Zidaru		
26	Romanian parents knowledge about child rearing.	Mihai-Viorel Secrieriu		
27	APOLIPOPROTEIN B AS A MARKER OF A WORSE LIPID PROFILE - ASSOCIATED WITH A HIGHER RISK OF DIABETES MELLITUS DEVELOPMENT	Cătălin Caba	14:00	
28	The correlation between the level of inflammation in coronary arteries and the coronary artery calcium score in the evaluation of cardiovascular risk	Mihai-Alexandru Horț
